Thank you for your order of August 14th, however, regret that I cannot be of service to you in this instance. When my brother went to the A.N.A. convention in Florida he took some of the gold coins along with him. Two of the dates you ordered he sold there and the third one was sold before your order arrived. That's one of the difficulties involved in advertising when there is only a single piece.

Sorry I can't be of any help to you at this time.

Sincerely,

Paul

Your want list is indeed a most interesting one. Upon checking we find that we could probably help you out on a number of them. For instance, we can supply the following subject to prior sale:

\$2¹/₂ 1824/21 N. Uncirculated Choice \$1950.

\$5 1824 Brilliant Uncirculated Choice \$6750.

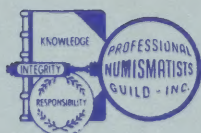

We note the Bell specimen in May of 1961 (1824 \$5) realized \$5450.; The ~~F~~ U. N. in Januray 1963 realized \$6750. and the Kreisberg Schulman specimen in March 1965 realized \$7000..

Upon receipt of your order for either or both of the above we shall be glad to check our stock further and quote you on additional specimens.

Sincerely,

Paul
